The Sustainability and Globalization Lecture Series

The mission of the Sustainability and Globalization Lecture Series is to provide a series of educational lectures on international and national sustainable issues related to real estate, economic development, globalization, and urbanization.

This series builds capacity in the New Orleans region by drawings speakers from the larger global community, promotes green building technologies, provides a venue for networking and cross-pollination among students, industry leaders and practitioners within the built environment in New Orleans and beyond, and facilitates economic development for the State of Louisiana.

For more information about the speakers or series, please go to: http://nolasustainglobal.com

Sponsors

**The Tulane School of Architecture** Sustainable Real Estate Development program blends business, architectural design, planning and related fields to empower its graduates to become effective and influential participants and contributors in the fields of real estate, finance, development, and design.

**The World Trade Center of New Orleans** consists of over 1,000 corporate members and several hundred individual members and facilitates the state’s economic development through international trade and allied activities that support a prosperous international business climate in Louisiana.

**The University of New Orleans, Department of Planning & Urban Studies** Master in Urban and Regional Planning (MURP) along with the Bachelor of Science in Urban Studies and Planning, Master of Science in Urban Studies and Ph.D. in Urban Studies prepares students to be leaders in urban and regional affairs using both theoretical and experiential knowledge.

**Loyola University College of Law, Center for Environmental Law and Land Use.** Inaugurated on the anniversary of Hurricane Katrina, Loyola’s Center for Environmental Law and Land Use (CELLU), seeks to become a leader in legal environmental education and service in the Gulf Region.

**Urban Land Institute Louisiana** is a District Council of the Urban Land Institute. District Councils are ULI at the local level, facilitating the exchange of ideas and the transmission of ULI best practices. ULI Louisiana’s work is essential to the recovery and redevelopment of the Gulf Coast and the State as a whole.

Location

Tulane University Campus, School of Architecture Lecture Hall // Richardson Memorial Hall, Room 201 // 6823 St Charles Avenue, New Orleans, Louisiana

Lecture at 6pm immediately followed by a Networking Reception.
