continuing education credits available for each lecture

"LEGACY CITIES" ARE URBAN ENVIRONS IN WHICH THE PAST IS PARTICULARLY RELEVANT TO THE PRESENT, AND WHERE A SUSTAINABLE FUTURE IS IN QUESTION. THIS LECTURE SERIES WILL FEATURE ARCHITECTURAL DESIGNS, VISIONS, AND INTERVENTIONS THAT NEGOTIATE THE COMPLEX HISTORIES OF OLDER CITIES WITH THE NEEDS OF THE PRESENT DAY, AND THE UNCERTAINTIES AHEAD.

Printed on FSC certified, Green Seal certified paper containing 30% recycled post-consumer fiber.
